

Exam March 2019

Since 03 October 2018 the examination office has been receiving and processing listings for the Professional Exam in March 2019. Incoming files are already filling the waiting list. Therefore, the Exam Committee decided to stop sending out further passwords with immediate effect. Should exam positions become available due to cancellations this decision might be re-evaluated.

Updates will be available here.

Exam October 2019

Payments for passwords as well as listings for the exam in October 2019 **will only be accepted from March 2019**. Previously received payments will be reimbursed, files have to be returned. This means additional work for the organisation. You can help us by sticking to the rules. We kindly ask for your understanding.

The published regulations (Wegleitung, Fil de Conducteur, Guida) are valid for the entire 2019. You can find all necessary information on www.sobfa.ch and its [FAQ](#).

Due to limited capacity the examination office is unable to answer individual telephone calls.
